

## MEMORANDUM

**DATE:** November 2<sup>nd</sup>, 2015

**TO:** District Administrators  
Ryan White Part B District Coordinators  
ADAP Enrollment Sites

**FROM:** William Lyons, Office of HIV/AIDS Director *WJ*

**SUBJECT:** Ryan White Part B/ADAP Medicare Part D & Health Insurance Continuation Program (HICP) Prescription Co-Pay Assistance

---

The Georgia Ryan White Part B/ADAP is pleased to announce that co-pay assistance for prescription drug coverage will now be offered effective November 2nd, 2015! If you have clients who are currently covered by a Medicare Part D plan or will become eligible for Medicare Part D, ADAP can assist with out- of-pocket prescription drug costs.

If you have clients who are active participants or eligible for the Health Insurance Continuation program (HICP) and need assistance with out of pocket drug costs, ADAP can assist with prescription co-pays.

Participants can use pharmacies within the ADAP Contract Pharmacy Network or any pharmacy included in the Data Rx network. Please note that co-pay assistance applies to eligible ADAP formulary drugs. Attached you will find a copy of the revised Initial/Annual Recertification and Self-Assentation forms. For Medicare Part D co-pay assistance, use the ADAP application forms to indicate enrollment for assistance. For HICP co-pay assistance, use the HICP Application forms to enroll eligible applicants.

All approved applicants will receive a welcome letter and prescription co-pay card. Clients must recertify every six months to remain eligible.

Please contact Data Rx customer service at 1-877-723-8218, to find out if a pharmacy is in their network.

For additional questions, please contact: ADAP/HICP Program Manager  
Satin D. Francis
