

ATLANTA EMA QUALITY MANAGEMENT STANDARDS AND MEASURES FOOD BANK/HOME-DELIVERED MEAL SERVICES

Purpose

The purpose of the Ryan White Part A quality management standards and measures is to ensure that a uniformity of service exists in the Atlanta Eligible Metropolitan Area (EMA) such that the consumers of a service receive the same quality of service regardless of where the service is provided. If an agency is unable to meet a particular standard, the agency must document why the standard was unable to be met and explain the steps it is taking to meet that standard.

Definition

Food Bank/Home-delivered Meals include the provision of actual food items, hot meals and vouchers to purchase food. Food Bank/Home-Delivered Meals may also include the provision of non-food items that are limited to personal hygiene products, household cleaning supplies and water filtration/ purification systems in communities where issues with water purity exist. Funds may not be used for permanent water filtration systems for water entering the house, household appliances, pet foods and other non-essential products.

Nutritional services and nutritional supplements provided by a registered dietitian are considered a core medical service, Medical Nutrition Therapy, under the RWHAP.

All Food Bank/Home-delivered Meals provided by Ryan White funded agencies shall be: Medically appropriate, healthful and useable. These services shall be used as a support and to improve access and adherence to HIV/AIDS medical services. Agencies shall assure that no client receives any Ryan White (RW) funded Food Bank/Home-delivered Meal services unless such client is found to be eligible for services under such Eligibility Standards as may be adopted by the Metropolitan Atlanta HIV/AIDS Health Services Planning Council.

Standards Development Process

The standards were developed through extensive background research on quality management standards, a review of existing standards from other Ryan White Part A EMAs, meetings of the Nutrition Task Force and meetings with the Ryan White Part A Grantee.

Application of Standards

These standards apply to all agencies that are funded to provide Food Bank/Home-delivered Meal services.

Acknowledgements

Fulton County would like to thank all of the EMAs that shared their standards, as well as the members of the Nutrition Task Force who gave generously of their time to provide valuable input to the development of these quality management standards and measures.
